

AEGEE-LEÓN BINGO

Someone says «I'm fine with whatever you decide»	Simple majority and absolute majority get mixed up	Microphone turns into a vacuum cleaner for 3 seconds	Someone's camera is on but they're not paying attention	A vote starts and someone asks «what are we voting on?»
Someone says «back in previous assemblies...»	Someone's pet makes a cameo	Someone says «we discussed this in another chat»	Someone asks to repeat it «more slowly»	Someone shares a meme in the chat
An amendment to the amendment is proposed	Someone suggests a «fun icebreaker»	 	Someone asks if they can vote via WhatsApp	A «quick point» that lasts 4 minutes
Someone says «sorry, I was on mute»	Someone forgets to unmute themselves while eating	Someone asks if this is on the agenda	Someone's camera is off but you can hear background noise	Someone starts with «no offense, but...»
Someone opens the wrong document	Someone's internet lags right when they're about to speak	A loud «oops!» and no further explanation	Someone brought snacks and morale instantly improves	A break is requested right when it gets interesting
